The meeting was called to order by Chair Lori Golino at 8:30 am.

The minutes of November 18, 2009 meeting were approved.

The **Department of Economic Development, Director**, Steve Silverman reported on the BioSciences Task Force. Their final report was distributed to the WIB members. The county is not going it alone in bioscience but wants to develop a public-private partnership. He pointed to other areas of the country that we can learn from, i.e. Philadelphia and Pittsburgh. There is discussion of a biotech tax credit, revamping the innovation centers by building in acceleration of the companies to grow.

During discussion of the Task Force Report, Mannes mentioned the work of Mott and Goldman Sachs Foundations, might be helpful.

Other members indicated the role of the WIB enhancing bioscience educational opportunities in Montgomery County to help build the career pipeline and to advocate for it.

The **Executive Committee** presented the plans for the WIB's strategic planning process. Lori Strumpf from Strumpf Associates: Center for Strategic Change has been engaged. The process includes a full Board retreat for a half day and the creation of a strategic planning team of selected Board members to further develop the ideas and concepts for the retreat. The team will meet three times. The WIB will approve the final plan at its September meeting.

it is associated with workforce development or jobs. This is not the case with the youth workforce initiatives.

The two youth program providers operate independent of the MontgomeryWorks *brand*. DWS staff has asked the committee to help think about strategies to broaden the MontgomeryWorks brand to include all of the WIB's workforce programs.

The **Program Operations and Evaluation Committee** continues to struggle, to understand the outcomes for the adult and dislocated workers programs and have suggested capturing some of the other activities and outcomes that customers in Intensive Services receive. There may be some usefulness in capturing data about how long individuals are in different stages of the process, i.e., length of time to determine eligibility; length to develop employability plan. They have also decided to take a look at the youth programs.

The **Youth Council** reported on the upcoming Youth Job Fair to be held on March 20, 2010 at the Montgomery College Rockville Campus.

The **Finance Committee** presented a report showing the spending on the various grants.

The meeting was adjourned at 10 am.

Susan Leggett-Johnson, Secretary
